Disability Education/ Awareness

1. For Albertans living with disabilities it can be difficult to do certain activities or interact with the world. Individuals with disabilities are often unnecessarily isolated and excluded from full equal participation in society. At Camp Health, Hope & Happiness this is NOT the case! At Camp He Ho Ha children and adults with all types and degrees of disability are empowered to try new things and accomplish things they never thought possible. Camp's inclusive access and adapted programs mean the barriers typically faced by individuals with disabilities are removed. I am participating in the #ShootForCause Challenge to support the work of Camp He Ho Ha. Please join my team [insert team name] or donate to my campaign page: [insert personal campaign page link]
2. According to the Canadian Survey on Disability in 2017, 1 in 5 Canadians has some form of disability. This includes many people who have their daily living impacted by their disability and many who require access to specialized programs and services. That's why I am participating in the @CampHeHoHa @hehoha1960 the #ShootForCause Challenge - to bring awareness to people living with disabilities and raise money to help them experience the inclusive specialized programs at Camp He Ho Ha.
