3. Once you have created the new account, a password will be emailed to the email address you provided. You will need this password to log back into the system after you have logged out.
4. Yes, you can change your password by following the steps below:

5. Change the year by clicking on the current year displayed, type in the new year, and then select the month and day required.
6. The system uses "**International Address**" & "**U.S. Address**" for the home address. Select "**International Address**" if you live in Canada.

7. Yes, the system will allow for multiple enrollment options (where applicable). If multiple selections are made you will need to decide which camp is the 1st priority. If no selection is made for priority, camp will make the selection based on availability.
8. When choosing a means of transportation to and from camp, there are 3 options to chose from: Private Transportation (parent/caregiver arranged), Bus (camp provided), and Airport Transportation (camp provided). Please select the option that best suits your campers needs.
